## Raggedy Brooch

### You will need

- tea stained calico
- red wool
- red, white & black paint
- small buttons
- red DMC thread
- scrap of blue fabric
- polyester stuffing
- brooch back
- pencil or fade-out marker
- stencil plastic

- trace dolly shape onto template plastic & cut out
- fold tea-stained calico in half, and trace template onto one side
- sew on the traced line, leaving open at bottom
- cut outside sewn line, clip curves and turn out
- stuff firmly, then stitch opening closed
- copy neckline onto your dolly with fade-out marker or HB pencil
- paint dress in your chosen colour - we have used Jo Sonjas paints
- decorate dress as desired  
some suggestions are... paint a dashed line around the neckline & add buttons, stitch lace around neckline, or paint a word across the chest
- copy a face onto your dolly with fade-out marker or HB pencil
- the face can be painted or stitched  
to stitch the nose, enter and exit the thread through the top of the head - this will be hidden by the hair
- loop some wool around your fingers, tie at the centre with matching coloured thread and stitch to the top of the head
- add a bow at the crown, or two bows at the sides for longer hair
- stitch on a brooch back
