

Hi Everyone,

I can't believe it's March already, and 2010 is well and truly marching on.

I am working on the projects for a new book, due for release in June. It will be themed on the idea of 'things to be thankful for'.

Here are a few new designs, which are now available through Creative Abundance.

Block of the Month

A Wonderful Life

• 10 months • Needleturn & Stitchery

Shop Kit includes fabric cutting requirements, swatches, DMC and button requirements for Theodora Cleave buttons (optional extra).

STARBRIGHT QUILT

A striking quilt to showcase a couple of feature fabrics with bright plains and black backgrounds.

I used the gorgeous Moda base cloth solids, which are so nice to sew with and really good quality, with a Michael Miller circle print and stripe. A not too difficult quilt, for intermediate sewers.
